## Car Hits Child, 7, At Walkertown

Slight head and leg injuries were suffered by Danny Brash-ear, 7, Walkertown, Wednesday, when he was struck at the Walkertown stop light by a car driven by George Boggs, of Ravenna.

Boggs' car was reportedly waved through the red light by men who were hanging Christmas decorations.

## Judge J. A. Smith Proclaims

# Civil Defense

County Judge J. A. Smith today proclaimed Sunday December 7, as Civil Defense Day and called on the citizens of Perry County for "appropriate observance of this day set aside to symbolize the need for defense preparedness."

Judge Smith noted that the day, seventeenth anniversary of the attack on Pearl Harbor, had been designated by President Eisenhower to recognize the importance of individual preparedness by every American.

A strong civil defense, Judge Smith stressed, is "a deterrent to war" and "our best hope for survival and recovery in the event of an attack." He added: "The total defense we must achieve can be obtained only by action at all levels of government in order to establish, direct and execute measures for survival and recovery."

## Norman Returns From Journalism Conference

A Hazard student, Gurney Norman, has returned from a five-day visit to California where he represented the University of Kentucky chapter of Sigma Delta Chi, professional journalistic fraternity, at a national convention.

The convention saw editors of several of the country's prominent metropolitan daily newspapers gather in San Diego, along with students from several colleges and universities across the land.

A highlight of the business sessions came when the group of about 400 heard the Chief of Naval Operations Adm. Arleigh A. Burke speak at a luncheon aboard the aircraft carrier, USS Kearsarge, now anchored in San Diego Harbor.

At an awards dinner, Norman accepted a certificate of merit on behalf of the Kentucky Kernel, UK student newspaper, as a first place award for editorial writing in a national student newspaper contest sponsored by Sigma Delta Chi. The winning editorial was written by the Kernel editor last year.

Norman is a former Hazard Herald reporter and a senior at the University of Kentucky.

## Kentucky Has Top Criminal Detection Unit

by Lt. Jud Edwards

Frankfort, Dec. 1.—One of the top criminal investigation units in the country functions smoothly and quietly as part of the operations of the Kentucky State Police.

This well trained outfit, entitled The Bureau of Criminal Investigation, is staffed by 30 investigators. Modern crime investigation facilities at their fingertips include crime and photo laboratories, an up-to-date interrogation setup and lie detector.

Headed by State Police Captain Charles F. Young, the crime detection staff works hand in hand with the Bureau of Identification and the Bureau of Records. Here the large repository of data criminals can be found. This is an important part of modern crime investigation when knowing about the past so often helps curb criminals' future activities.

The criminal investigation staff last year made 95 arrests for murder and non-negligent manslaughter, 17 manslaughter by negligence arrests, solved 27

rape cases and arrested 111 persons for robbery. The investigation bureau also made 1,435 other criminal arrests. Total criminal arrests by officers of the investigative unit jumped 22.7 percent over the previous year.

Members of the unit are continually improving their knowledge of investigative techniques attending such schools as the Federal Bureau of Investigation National Police Academy, the Harvard Seminar of Legal Medicine and Koeler Polygraph School (a course of training in lie detector operation).

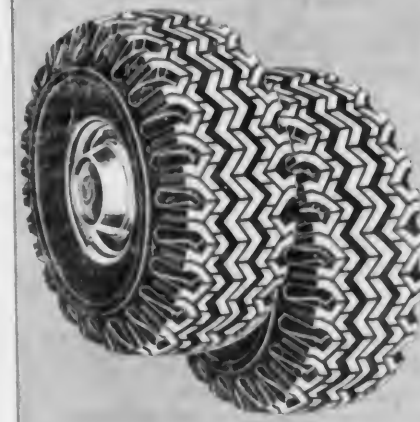

They are well versed in such modern crime detection techniques as: tire tread, shoe print and finger-print comparison; blood stain analysis; ballistics exams and shotgun pattern tests.

From stolen car rings and bootlegging raids to murder investigations and bank robbery cases, these plainclothes State Policemen continually probe, question, analyze and detect, finding crime perpetrators and curbing their activity.

# Napier Drops Whitesburg In Overtime; Hazard Throttles Buckhorn, 88 - 56

M. C. Napier, trailing ten points with a minute remaining, roared from behind at Memorial Gym, Saturday night, to tie the Whitesburg team 55-55 at the end of regulation time, and then dumped the Yellowjackets 60-59 in the overtime on a 10-foot field goal by reserve guard Ad-

rian Jones. In the second game of the double-header, Hazard breezed to its second victory in as many outings, blasting Coach Fred Johnson's Buckhorn quintet, 88-56.

The roof came off the gym when Jones hit his field goal with eight seconds remaining to climax Napier's frenzied rally. Jones's game-winning two-pointer was his only field goal of the game.

It came only seconds after Guard Gordon Combs, of Whitesburg, had pushed his team into a 59-58 advantage on two gratis shots.

In the overtime, Napier went ahead 58-55 on a three-point trip by Center Billy Nickells but lost the lead when W. Stamper hit from the field and Combs added his free throws.

The Navajos pulled the victory out of the fire, however, in the closing 1:50 of the regulation time, when trailing by 14 points, they went into an all-court press to devastate the Yellowjacket's lead.

Napier was behind 14-12 at the close of the first quarter, held a 26-25 edge at half-time and was trailing 41-37 going into the final stanza. It was Napier's third win in as many games.

High for the Yellowjackets was Guard Freddy Combs with 20 points. Forward Charles Hall captured scoring honors for the visiting Yellowjackets with a 20-point performance.

Hazard, 88; Buckhorn, 56 Hazard's High School Bulldogs of the first quarter and 26-21 with Center Bennett Jent hitting for 23 points and Forward Ken Cobb getting 17, terrorized Buckhorn in the second game advantage.

Napier was paced by Guard Fred Combs with 19 points and Forward John Layne with 17. The seasoned Hazard High for Betsy Layne and Den-

forward played only 12 minutes before leaving the game when he injured a hip while driving in for a crisp. Again, Coach Goebel Ritter jockeyed his line-up as he obviously continued his search for a "starting five". The Bulldogs, despite a brilliant 26-point show by Buckhorn's ace forward Eddie Baker, had little trouble in riding hard on their cross-country rivals.

Hazard leaped to a 21-11 lead in the first quarter and held a half-time advantage of 49-21. The Bulldogs were ahead 71-32 at the close of the third quarter.

Despite an impressive point-spread, the Bulldogs were erratic on offense and showed little semblance of the razor-sharp defense which carried them to the State Tournament last year.

2nd - Half Surge Gives Napier Win Over B. Layne M. C. Napier Navajos struck for their second victory of the yearling season, Friday night, by ripping Betsy Layne, 75-43, in the first half of a double-header at Memorial Gymnasium.

After leading 8-6 at the close of the first quarter and 26-21 at half-time, the Navajos of Coach Pete Grigsby tore loose in the third frame for a 4-33 advantage.

Napier was paced by Guard Fred Combs with 19 points and Forward John Layne with 17. The seasoned Hazard High for Betsy Layne and Den-

forward played only 12 minutes before leaving the game when he injured a hip while driving in for a crisp. Again, Coach Goebel Ritter jockeyed his line-up as he obviously continued his search for a "starting five". The Bulldogs, despite a brilliant 26-point show by Buckhorn's ace forward Eddie Baker, had little trouble in riding hard on their cross-country rivals.

Hazard leaped to a 21-11 lead in the first quarter and held a half-time advantage of 49-21. The Bulldogs were ahead 71-32 at the close of the third quarter.

Despite an impressive point-spread, the Bulldogs were erratic on offense and showed little semblance of the razor-sharp defense which carried them to the State Tournament last year.

# Ross Chaney Hoops 17 As Cavaliers Win 2nd in Row; Beat Dunham, 70-60

Undeclared Jenkins made it two in a row last week as the Cavaliers rolled over Dunham, 70-60, with Guard Ross Chaney setting the pace on a 17-point performance.

Coach Rex Chaney's quintet roared to a 10-8 first quarter advantage, and then tore loose in the second quarter to go ahead 42-24 at half-time behind the scoring artistry of Chaney.

Forward Tommy Brush and Center Nickie Dann Jenkins held a 20-point edge at the close of the third stanza, 56-36.

Chaney, All-Regional and All-E.K.M.C. last year and the Cavaliers' candidate for All-State laurels this season, hit for five field goals and seven free throws and was a demon on defense for Jenkins.

Coach Chaney used the B-team in the closing quarter minutes of play.

# Cordia Wins In Double Overtime; Edges Letcher 58-56 On Combs Goal

A field goal by Guard Rab Combs with the final buzzer ringing in his ears set the stage last week for Cordia's 58-56 double overtime victory over Letcher County.

Combs, held to 7 points in the game, tied the score at 54-54 at the end of regulation time after Letcher County only seconds before had gone ahead on two gratis shots.

Running mate Mac Combs duplicated the feat in the first overtime, hitting a field goal on the final gun after Letcher County had struck for a 56-54 lead on free throws.

Mac Combs, high for the evening with 20 points, hit from the floor for two points in the final overtime to provide the Lions' margin of victory.

Cordia led throughout most of the game only to relinquish the lead early in the fourth quarter. At the regulation rest stops, the Lions were ahead 12-9 - 28-22 and 41-39.

High for Letcher County was C. R. Blair with 15 points.

Jenkins, 61; Cordia, 59

With Guard Ross Chaney warming the nets for 22 points, the Jenkins Cavaliers opened their 1958-59 season in victory fashion at the expense of the Cordia Lions last week, 61-59.

Chaney capitalized on Cordia miscues to get 14 points from the free throw line as Cordia lost five men via the foul route.

Cordia held a six point lead going into the final quarter but fell apart when three starters, Rab Combs, Charles Combs and Mac Combs were benched on fouls.

Cordia was ahead 15-13 at the close of the first quarter.

## Scouts Launch Explorer Scout Program In Area

Pikeville, Ky. — You no doubt have heard reports on the new Explorer program which has been in the making for several months. This type of program will be launched on November 29, 1958 across the country and will be presented on NBC-Television through the persons of Bob Hope, Ben Alexander, Les Brown and His Band of Renown, Damiani's Orchestra, the Bob Mitchell Boy Choir, and that great favorite, Molly Bee, as well as other well-known personalities. Time 4:30 - 5:30 P. M.

The new Explorer program has been totally revised and is completely new in its content and approach based upon a two-year research program conducted by the Boy Scouts of America in conjunction with the Research Department of the University of Michigan.

This program is based on the results of the findings of this research which attempted to determine what the boys themselves wanted, as a big factor in the tailoring of the program.

The Lonesome Pine Council is setting up intensive training courses in the near future by which adult leaders will be trained in the purpose, the content and the methods required for this purpose.

Boy Scouts of America also offers a program in Cubbing for boys who are 8, 9, and 10 years old. A program of Scouting for boys 11 through 17 and a program of Exploring for boys who are 14 years old and in the 9th grade in school through the age of 17, or for boys who are 15 through 17 years of age, regardless of grade in school.

Beginning January 1, 1959, no boy will be registered as an Explorer in a Boy Scout troop. All Explorers will be registered in Explorer units. But if the older boy chooses to take the

Scouting program he will register in the Boy Scout troop.

If, however, a boy in an Explorer Post wishes to secure the rank of Eagle he may do so without passing the First, Second, Star and Life ranks by doing the 21 merit badges required for Eagle.

It is hoped that all boys and interested adults will watch the TV Program on November 29, 1958 and will invite their friends to join them.

President Eisenhower has high hopes for the new Exploring program being launched this month by the Lonesome Pine Council, Boy Scouts of America.

Mr. Eisenhower is Honorary President of the Boy Scouts of America and has been a member of its National Executive Board since 1948.

His message reads:

THE WHITE HOUSE  
WASHINGTON

During the years that I have been associated with the Boy Scouts of America, I have been proud to learn of each new example of their progress in the field of youth.

Your plans for the new Exploring program sound particularly promising. This program, designed to meet the needs and desires of our high school age boys, should be most challenging and appealing to them. More important, it is securely based upon the traditional training in character and citizenship provided by the Scouting movement.

I am delighted to join you in the hope that this Exploring program, with community support, will strengthen the fitness and careers of our young citizens.

(Signed) DWIGHT D. EISENHOWER

Not hardly news, but this actually happened in a City School here recently. And the item goes to prove that within the mind of a child lurks words of wisdom.

### Hazard Still Aiding UK

If it's not enough that the University of Kentucky has two of its best athletes from the town of Hazard, basketball Johnny Cox and footballer Bob Lindon, it looks as though number three is on the way. Fred Stidham, a graduate of Jim Caudill's crew only last year, turned in a good account of himself as a member of the undefeated, but once tied UK freshman football team. Playing in all three Kitten tilts of the year, he was cited by his coaches as being a top prospect who did his best job while on defense. He has good size, too, at 6-3, 210. This year, Coach Ed Rutledge's charges posted wins over the University of Cincinnati and Tennessee by scores of 40-22 and 12-6, while the Vanderbilt Baby Commodores fought them to a 6-6 standoff.

W. P. (Bill) MORTON

There used to be this boy around town who made quite a name for himself. Frankly, he was an odd-ball.

When the other fellows played ball, he'd just as likely be sitting in somebody's attic looking through back issues of "Captain Billy's Whiz Bang." But—when everybody else thought it was too cold, or too hot, to play ball—that might be the very day when this kid would be out trying to organize a team.

Nuts, you know, but not just for the sake of being nuts. It's simply that he could never bring himself to feel that it was important to do something just because it happened to be the "popular" thing to do, or the "accepted" time to do it.

There are those people who walk with the crowd, and those who walk out of step with the crowd, but it doesn't really make much difference, I think, as long as everyone's pointed in the same direction.

Down at Home Lumber Co. we keep ourselves pointed in the right direction all the time.

Somehow we still have the old fashioned idea that quality products and friendly, efficient service is the best business policy in the long run.

In this day and age of gimmicks, give-aways, and other merchandising schemes we might appear to be out of step once in a while, but we still keep giving people honest value in materials for new home construction, repairing, remodeling or Do-It-Yourself projects. Stop in at Home Lumber Co. and give us a try.

## Morehead State College Grows With Kentucky

Frankfort, Dec. 1 — Morehead State College in the foothills of the Cumberland Mountains, where the Blue Grass meets the mountains, has grown steadily since its establishment as a state-supported institution in 1923.

The Morehead campus comprises an area of more than 800 acres, encompassing a physical plant valued at more than five million dollars. Some 20 college buildings of Tudor-Gothic design overlook the Triplett Creek valley.

On the campus is a 26-acre lake, serving as a reservoir for the college and the city of Morehead, population 4,000. The lake provides facilities for camping, picnicking and fishing.

Newest structure on the campus is a fieldhouse, seating 4,500. Other new buildings are the Doran Student House and a 400-bed men's dormitory. Additional housing units for married students have been added. New science laboratories have been installed, the auditorium has just been redecorated, new rooms have been added in all dormitories and the women's dormitories have been refurbished and redecorated.

The increasing enrollment stands at around 1,500—largest in the college's history—with proportional faculty increases.

Morehead offers a balanced curriculum leading to bachelor of arts and of science and master of arts degrees. Preliminary training for professional study of medicine, dentistry, pharmacy and engineering is offered in addition to a program of nursing education.

## "The Needs Of Schools" Discussed

The Northeastern Division of the Kentucky School Board Association met Monday night on the campus of Morehead State College and discussed "The Needs of Our Schools and Needed Legislation."

Addresses by Dr. Adron Doran, Morehead president, Verne Horne, public relations director of the Kentucky Education Association, and Barton Fiser, executive director of the Kentucky School Board Association, highlighted the night's activities.

Dr. Doran represented the Kentucky Council for Education and related to the group the progress of that organization. "The Kentucky Council for Education is an aggregation of individuals who represent groups concerned with developing policies and direction in preparation for a suitable legislative program for education," Dr. Doran explained. He continued, "We must find out three things: (1) what kind of schools do the citizens want? (2) how much will it cost? and (3) where do we look for the money?"

Horne, speaking for the K.E.A., related to the gathering the program which the state's association felt was necessary. He explained the nine-point program which had been proposed. In speaking of the condition of the state's education and the legislation of better proposals, Horne stated, "It is easy to talk about it, but the final analysis is decided at the local precinct."

In closing, Horne told the educators, "there are two important things for us to keep in mind as local boards: (1) we must get informed on activities of the Kentucky Council on Education; and (2) we must relate these to the local districts."

Fiser addressed the group concerning the expanded program of the Kentucky School Board Association. He challenged the school board members present to get out and find out more of the ideas and opinions of the people they represent, and then do their best to carry out those desires.

## P'formance Award Received by Perkins

Arnold Perkins, son of Dewey Perkins, Lohair, has been awarded a \$200 sustained superior performance award at Wright-Patterson Air Force Base, near Dayton, Ohio.

Perkins is a cable splicer with the Wire Communications Maintenance Mobile Depot Activity Detachment, and the award was presented to him by his Chief, Robert M. Newell.

It is Perkins' job to maintain, rehabilitate, modify and repair inside and outside plant telephone and elctype equipment; and also to make radio and radar repairs at aircraft warning stations. He must work in all kinds of temperatures in Michigan, Indiana, Ohio, West Virginia, Pennsylvania, New York, and in the New England States.

During World War II, Perkins served 34 months overseas in Africa, Italy, France and Germany.

He is married to the former Juanita Combs, of Hazard, and they have two children, Linnie Sue, 4 years, and Cheryl Ann, 2. They make their home at 5919 Echo Hill Lane, Dayton 30, Ohio.

Exceptional devotion to duty is required to earn the award presented to Perkins, and it is given to fewer than 10% of Government employees.

Arvel Amburgey's daughter, Miss Phyllis Amburgey and Rex Thornberry were married a few days ago.

The Sherril Pratts have moved to their new home. Some miners on their way to work very early Tuesday morning, Nov. 11 found Dave Williams frozen in Mallet Fork Creek. Ice had frozen in his hair and some parts of his clothing. He was taken to the home of his father, John Hen Williams, and Dr. Watts was called. Dr. Gene Watts says he is going to be alright.

Word has reached here of the death of John Haywood in Wayland. He was a brother of the late Amos Haywood, and an uncle of Homer Haywood who lives at Pinetop.

NEW MEN'S DORMITORY—Plans are complete for this new dormitory, which will house 530 male students at the University of Kentucky. The \$1,800,000 structure will be built just off Rose Street between Donovan Hall and Fraternity Row. Bids for construction will be asked in January and work will begin next spring, with completion set for June, 1960.

## IT HAPPENED IN KENTUCKY

### 1788—DUNCAN TAVERN BUILT AT PARIS

This historic gathering place of Kentucky pioneers was built by Major Joseph Duncan in the year 1788. In its heyday, many distinguished Kentuckians attended celebrations there or stayed at the inn. Among them were Daniel Boone, Simon Kenton, Governor James Garrard, Col. James Smith and others. The 3-story inn had 20 rooms. In 1940 the Kentucky Society of D.A.R. restored it as a State shrine.

In Kentucky's historic past, just as today, many of our citizens have always enjoyed a glass of beer. The brewing industry makes jobs for thousands of our residents. The sale of this light, bright beverage of moderation under orderly conditions is an important objective of the United States Brewers Foundation. Our continuing educational program helps beer retailers maintain their high standards.

## PAPER HAS PUNCH

• We think the right choice of paper is a big thing in printing. Because paper can get in its psychological up-purcut before the reader has started to read a word.

This is why we use distinctive Hammermill papers for so many of our jobs. They help you say your say . . . convincingly.

## Statement By Joseph J. Leary

I have today accepted the management of Harry Lee Waterfield's campaign for Governor. I am fully apprised of the program which he will advocate and I am in accord with it.

The real direction of the Waterfield campaign will rest with an Executive Committee which will be composed of Kentuckians of outstanding ability and proven devotion to public service. As the members of this Committee are announced, Kentuckians will be impressed with the quality of their leadership and the sincerity of their purpose.

A headquarters staff is being assembled and the headquarters organization generally will follow conventional lines. Perhaps the most important person in any campaign headquarters is the person in charge of organization. In the Waterfield campaign this assignment will go to an outstanding Kentuckian whose name will be announced within a week. He will serve as the Chairman of the Organization Committee and will have the support and assistance of many other leaders in public life from every section of Kentucky.

State campaign headquarters will be located on the balcony of the Watterson Hotel at Louisville. This location is easily accessible as a campaign headquarters should be. It is probable that the headquarters will be opened on a limited basis very soon and it will expand as the headquarters staff is brought to full force. For my part, I have no intention of undertaking to compete for public attention with Santa Claus, Christmas shopping, football games, basketball games and the other honored activities of the holiday season. A formal opening of Waterfield for Governor Headquarters will be announced at a later date, but it is expected to be in mid-January, 1959.

A successful campaign requires the dedicated and devoted service of many thousands of people. Each contributes his full share to the success of the campaign. I and those who will be associated with me in this effort will do our humble best to mobilize these forces in the certain knowledge that we will win.

## Statement By Harry L. Waterfield

I have today appointed Joseph J. Leary, Frankfort, to manage my campaign for the Democratic for Governor. Mr. Leary has accepted the appointment.

Joe Leary brings to my campaign his experience of more than 20 years of active political participation in the affairs of the Democratic Party at all levels. He has been prominent in the direction of many campaigns and equally prominent in the planning of broad programs of government which have been of tremendous benefit to all of the people of Kentucky.

As a lawyer he has made an outstanding contribution to the making of political policy. He has initiated and executed many improvements in the government of Kentucky in the fields of law, education, roads and welfare. Thousands of people in Kentucky know Joe Leary personally, and I believe they have confidence in his integrity and in his earnest desire to improve constantly the quality of our government.

I have spent many hours with Joe Leary and many other Kentucky leaders in discussing and formulating a comprehensive program for Kentucky in all phases of government. This program will emerge as the campaign progresses and will be the charter which I, as a candidate, will advocate. It will be a vigorous, forward-looking and ambitious program. It will be endorsed and advocated by trusted leaders in business, labor, banking, education, agriculture, the professions and other activities which are the sources of prosperity to our people. I am certain that the overwhelming majority of Kentuckians will endorse and approve it.

## Gospel Quartet Sings At Fourseam

The Pilgrim Travelers Girls from Tribbey were at the Fourseam Gospel Church, Nov. 23, at 6:30 p.m. The girls were Alma and Lillie Pittard, Grace and Frances Beatty.

They sure are good singers. We had other visitors also that night. We really had a large group which we were thankful for. A group from the Open Door Children's Home were there also Rev. Parker and Rev. Herman Carlson and Mr. Bill Combs and family of Hazard. Richard Combs sang a solo. Alice Jean Yearly, one of our own Fourseam girls who has been in Chicago, is home for a few months, sang a solo.

He enjoys much, who is thankful for a little.

Miss Esther Wallstedt is in the Homeplace hospital. We hope how soon she will be well again.

What you are speaks so loud I cannot hear what you say.
